REPORT OF FIREWARDS

This year several of our members have joined the Armed Forces, including, Firewards, Shirley Bevis and Arvid Pearson. We will all be glad to see them back again.

Owing to the shortage of manpower, each and everyone of us should take every precaution, in regard to fires.

During the past year we were very fortunate in not having any property damage in either district.

We had a total of fifteen calls during the year.

LIBRARIAN'S REPORT

January 31, 1944

To the Trustees of the Chesterfield Library:

The annual report is herewith presented.

A gift to be known as the Etta Hubbard Fund was received early in the year. The interest from this and our other trust funds did not come in time to list the titles of the books to be purchased with same.

During the year we received 112 volumes of used books. These were given by Norfolk House Centre Library of Roxbury, Massachusetts. The Misses Jessie and Lydia Farrington, Mr. R. Grabert and Mr. Morris Friedsam.

New books received as gifts were 2 volumes of Men in Motion from the Tax Foundation in New York, Problems of lasting peace from Herbert Hoover Library and Road to Victory by Francis J. Spellman. These are fine timely books.

In April the 4-H Club girls had a civic project of cleaning the library. The girls worked two Wednesday afternoons. Their efforts and accomplishments were much appreciated. At the holiday season the same group made a lovely wreath for the library door.

The Misses Carmie and Madeline Campanella have given generously of their time to help catalogue books. Lorraine Crowell is also an interested and active helper.

On July 9th the library was opened for a memorial service for Mr. Friedsam. Mr. Friedsam is missed by all who worked with him.

For the year ending January 31, 1944 the central library reports a total circulation of 3,745 volumes. This is an increase of 546 volumes despite the fact that out of town employment or gas rationing has taken away many of our borrowers. Both branches report fewer borrowers. However, the total circulation is 263 volumes over last year. This is encouraging for

it proves the libraries are a needed institution in our community.

	Adult Fiction	Non-Fiction
Central library,	1,463	435
Spofford branch,	551	52

	Juvenile Fiction	Juvenile Non-Fiction
Central library,	1,611	236

	Juvenile Books Loaned
Spofford branch,	150

West Chesterfield reports a total circulation of 1,010.

Total circulation for whole library system.	5,508 volumes
Number of new books purchased,	142 volumes
Number of used books received as gifts,	112 volumes
Total books added to library collection,	254

There have been 37 discards.

Book prices have advanced nearly 25 percent during the past year. Three books have been lost during the year. Two from Spofford and one from the central library.

Books were sent to Spofford seven times and to West Chesterfield six times. Mrs. Record has made a special effort to come to the main library several times during the year. This cooperation enables her to select titles which she believes her borrowers will enjoy.

The patrons register has 118 active borrowers. 35 new names have been added during the year. 88 residents and 30 summer residents. This shows a loss of 25 borrowers from our central register.

Thus far this winter the heater has given much better service. The kindness and patience of Paul Penning who has done considerable work on it is much appreciated by the librarian.

Respectfully submitted,

SUSIE MORRIS,

Librarian.

REPORT OF THE BOARD OF HEALTH

During the past year there have been several cases of Communicable diseases in Town such as Mumps, Measles, Chicken Pox and Scarlet Fever.

The people having these diseases have cooperated with the Health Department by notifying the Health Officer so that measures could be taken to keep from spreading the disease to other people. We have had considerable trouble at the Public Dump by people leaving the bodies of dead animals, and spoiled meat on the dump, in all cases the proper persons were found and made to dispose of the carcasses in other ways.

All meat and dead animals should be buried elsewhere, owing to the dry weather the Lake was so low some work had to be done on the outlet to supply water for fire protection in Spofford Village.

Several beaches on the shore of Spofford Lake were cleaned and supervised by Frank Whorfe.

Twenty-one milk licenses were issued for the sale of milk and cream eight of which were issued to buy and sell milk and cream at two dollars each as follows. Paul Penning, Henry Chickering, William Manch, Harry Nosek, John Ball, Clifford Tuttle, Byron Davis and John Redding.

Respectfully submitted.

HAROLD E. RANDALL,
Health Officer.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Chesterfield:

I herein submit my first annual report as superintendent of schools.

SUPERVISORY UNION NUMBER 38

The eight school districts which comprise this union are organized as follows:

District	Teacher	Buildings	Pupils	Registers	% Pupil Registration
Marlboro,	14	2	246	8	27.43
Chesterfield,	6	3	143	6	15.94
Fitzwilliam	7	4	121	7	13.49
Harrisville,	3	2	83	3	9.25
Nelson,	2	2	31	2	3.46
Sullivan,	2	2	44	2	4.90
Roxbury,	1	1	28	1	3.12
Troy,	11	1	201	6	22.41
Totals.	46	17	897	35	100.00%

The present crisis in world affairs has created an emergency in the education of American youth that requires immediate attention and action. Large numbers of pupils and teachers are now leaving school to go to work. The motives which impel youth to leave school for work are understandable. The alarming response to these motives of high wages and the desire to do something definite to help win the war has been made without giving ample thought to other considerations which are of far greater importance to the national welfare. All adults concerned in these matters—particularly employers, school officials, and parents—should see that youths clearly understand certain basic conclusions before making the decision to leave school.

The greatest service which the older boys and girls can

render to the war effort is to get ready for the national service which most of them will be called upon to give at the age of eighteen—in the armed forces, in war production, in civilian war agencies, or in specialized training. The high officials of the Army and Navy, of government and industry, have urged youth to use the years up to eighteen to build the foundations of a broad education. This duty of securing an education will pay high dividends in the highly competitive labor market of the world in post-war years. The national welfare and the welfare of youth require that education have first claim on the time and energies of youth.

"Twenty-seven million citizens of the decade beginning 1950 are being prepared in our public schools now for the world that is being shaped with so much 'toil and blood and tears.' How futile our every war effort if these citizens are not fitted for their places!"

This great challenge to our educational system must be met in spite of the innumerable demands on limited time energy, and materials resulting from the war emergency.

We wish to continue the improvement of the standards in our schools and we must realize that it can be done only through sacrifice and earnest cooperation between teachers, parents, and pupils. Research authorities in the field of juvenile delinquency recommend a review of the particular responsibilities of parents for children outside of school time. From this cooperation there will be a clearer understanding among all concerned.
